Agenda

Item	Discussion
Checking in on progress with adminQuizQuestionCreate	<ul style="list-style-type: none">- Implementation is now completed and will be merged when tokens are completed
Checking in on progress with fixing up tokens in auth	<ul style="list-style-type: none">- Small issue with adminUserPassword.test.ts has been resolved and test for authUserId will be changed- Tests that check the return value of a token will now also check that the string received is a stringified integer
Deciding on whether it's necessary to encode/decode tokens now that they are not objects	<ul style="list-style-type: none">- We will try to implement the encoding/decoding but if it causes too many issues we will not use it as the course forum has explained it is not necessary for our token implementation
Token implementation	<ul style="list-style-type: none">- Changes the to token implementation (passing in a string instead of the entire object) is now complete- Changes to token implementation have been merged
